OBJECTIVE

Aspiring Software Developer with a strong academic background in Computer Science and specialized training through CDAC in PG-DAC course. Proficient in Core Java, SQL, and OOPs, with additional exposure to C++, .NET and web technologies. Seeking to contribute to innovative software development projects while advancing technical expertise in Java-based solutions.

EDUCATION

Post Graduate Diploma in Advanced Computing - CDAC

Institute for Advanced Computing & Software Development (IACSD) College | 2025

Master of Science (Computer Science)

Fergusson College | 2024

Bachelor of Science (Computer Science)

Commerce, Management & Computer Science (C. M. C. S.) College | 2022

Higher Secondary Certificate (HSC)

Bhonsala Military College | 2019

Secondary School Certificate (SSC)

Boys' Town Public School | 2017

WORK EXPERIENCE

Elendil Private Limited

Full Stack Intern | Feb 2024 - July 2024

- Developed responsive UI components using React.js for an AI-driven platform.
- Collaborated with backend teams integrating Gemini LLM API to ensure smooth user interaction.
- Optimized front-end performance through state management and code refactoring.

PERSONAL PROJECTS

Gabble - Chat Application

MERN Stack | Repository Link: <https://github.com/shreyaskasar/Gabble>

Gabble is a modern real-time chat application built with the MERN stack, enabling users to instantly communicate with each other through a clean and intuitive UI. It features secure authentication, live message updates powered by Socket.IO, and persistent chat history stored in MongoDB. The platform supports real-time message rendering without page refresh, ensuring a seamless and responsive messaging experience.

Bug Tracker

J2EE | Repository Link: <https://github.com/DAC-Project-2025/bugTracker>

Developed a bug and task management system using ReactJS and Spring Boot microservices. Implemented role-based access, dashboards, and Kanban board. Built REST APIs for user, project, and notification services with MySQL for storage and JWT + Spring Security for authentication.

SKILLS

- | | | |
|-----------------------|----------------|-----------------|
| • Core Java(SE), OOPs | • RESTful APIs | • DSA |
| • SQL | • C++, C# | • JEE |
| • Spring Boot | • Git, GitHub | • Microservices |

HOBBIES

- | | |
|-----------|----------|
| • Cooking | • Typing |
| • Music | |
| • Chess | |
